FACT Grantees 2024-2026

Emergency Funds Project

Started in 2020, the FACT Emergency Funds Project provides flexible funding to organizations across Virginia to assist families experiencing violence with unexpected expenses not covered by other funding sources.

In Fiscal Year (FY) 2024, this project expanded beyond Trauma Informed Community Networks (TICNs) to include domestic violence agencies, homeless intervention services, and home visiting programs.

In FY 2025, 2 Generation / Whole Family Community Action pilot sites were added as eligible organizations to receive grant funding.

Collins Center	
Loundon CAC	
Greater Richmond SCAN	
Safe Harbor Child Advocacy Center	
The Center for Alexandria's Children	
Valley Children's Advocacy Center	
Foothills CAC	
LEAP Project	
Partnership for People with Disabilities	In FY24, in partnership with the Virginia Department of Health, FACT supported Richmond Residential Services Inc. and The Arc of Harrisonburg and Rockingham to become Leadership for Empowerment and Abuse Prevention (LEAP) Certified Centers for Abuse Prevention and Safety (C-CAPS). Through the Partnership for People with Disabilities, LEAP provides training on healthy relationships and information about preventing abuse to adults with disabilities. The training takes place over four 90-minute in-person sessions that are taught by a trainer with a disability and a co-trainer. The C-CAPS had two staff members and two individuals with disabilities who utilize their services become LEAP trainers. These trainers continue to provide training to their communities and create an organizational culture of empowerment and abuse prevention.

	In FY25, in partnership with The Arc of Virginia, FACT allocated funding to help expand the LEAP Program to Roanoke and Hampton Roads over the next two years. Both sites will employ part-time staff dedicated to the LEAP Project with support from the Partnership for People with Disabilities.
Problematic Sexual Behavior Project	
Justice 3D	In 2023, FACT partnered with Justice 3D to develop a guidance document for Problematic Sexual Behavior. The FACT Board approved additional funding in 2024 for a two year project to develop and pilot a train-the-trainer model for Multidisciplinary Teams (MDTs). In January 2026, MDT members from Alexandria, Fluvanna, Washington, and several Shenandoah Valley communities attended the first train-the-trainer event.
Ad Hoc Grants **Prior to 2026, the ad hoc grant process provided financial support to organizations that hosted activities that improve the prevention, treatment, or public awareness of family violence. Historically this was mostly utilized by organizations hosting statewide conferences.**	
2025 **In FY5, the allowable request amount for ad hoc events increased to $5,000 and extended to local activities in addition to statewide.**
